SECURITY AND LOGIN

Click the three lines in the bottom right
Scroll down until you see **Settings and Privacy**
Touch **Settings and Privacy** to open the drop-down window
Touch **Password and Security**

- In the **Two Factor Authentication** category, touch **Use two-factor authentication**. This will require you to enter a number that is immediately delivered to your mobile cell number to log into Facebook. It prevents others from logging into your account and impersonating you. You may choose a **Text Message** or use an **Authentication App**. The text message is typically most convenient.

**Two-Factor Authentication**

- **Use two-factor authentication**
  We’ll ask for a code if we notice an attempted login from an unrecognized device or browser.

- **App Passwords**
  Get a unique, one-time password for apps that don’t support two-factor authentication (example: Xbox, Spotify)

- **Authorized Logins**
  Review a list of devices where you won’t have to use a login code
In the **Setting Up Extra Security** category, touch **Get alerts about unrecognized logins**. For each option (Notifications, Messenger and Email) select **Get Notifications** and select **Save**.

**PROFILE & TAGGING SETTINGS**

Adjust these to be your Profile and Tagging settings to be the most secure on Facebook.
# Followers and Public Content

## Who Can Follow Me

Followers see your posts in News Feed. Friends follow your posts by default, but you can also allow people who are not your friends to follow your public posts. Use this setting to choose who can follow you.

Each time you post, you choose which audience you want to share with.

This setting doesn’t apply to people who follow you on Marketplace and in buy and sell groups. You can manage those settings on Marketplace.

- **Public**
- **Friends**

## Public Post Comments

Choose who is allowed to comment on your public posts. People tagged in your public posts and their friends may still be able to comment. Learn More

You can update this on individual posts without affecting your account settings.
